

FCBC WOMEN

COMMEMORATIVE PROGRAMME

1980 - 2020

EX-ANTIQUE ET-NOVISSIMUS-OPTIMA

40 YEARS OF WOMEN ROWING FOR FCBC 30 YEARS OF WOMEN ROWING IN VILLS FOR MAY BUMPS

This programme is a collection of records, memories, thoughts and general reminiscences to celebrate 40 years of women studying and rowing at Fitzwilliam College, and 30 years since women first rowed May Bumps in eights.

We are exceptionally proud to be part of a club with such a history as FCBC and such a wonderful community of rowers, past and present. We both count rowing with FCBC as one of the highlights of our time at Fitz and are so grateful for the amazing people we've met through the club. We are also extremely proud to have helped manage one of the largest women's squads in recent memory, which is testimony to all the groundwork laid down by captains and crews before us.

We had hoped for this to be a commemorative programme for the 2020 May Bumps, however the global pandemic had other ideas.

Nevertheless, this is a small celebration of women's rowing at FCBC over the past 40 years. Thank you to all of our contributors.

We look forward to seeing where FCBC will go in the future!

Harriet Bradnock & Lizzie Knight, Women's Captains, 2019-2020

A Brief History of Women's Rowing at Fitz

The Lent and May Bumps were first held in 1976 and 1974 respectively, as the number of women admitted to the University began to increase. Fitzwilliam College first admitted women in 1978, although the first Bumps appearance for a Fitz women's crew was in 1980.

Fitz started Mays at the top of the second division (there were only two divisions at this point, with 22 and 23 boats respectively), and the races were rowed in fours rather than eights. The reason for using fours was that initially there were fewer women and it was thought that a crew of five could be found more easily than one of nine; it was also thought that the men needed all the eights. However, the main reason was the mistaken view that novice women would have more difficulty in controlling an eight. Some amazing results from our novice crews certainly shows this is clearly not the case!

Whilst women rowed in the Lents in eights from the outset, it was only in 1990 that the Mays were also raced in eights. In 1989, the Fitz First IV was fourth on the river; however it was decided that the positions for the next year (in eights) would be decided by a time trial, rather than current position, relegating Fitz to 7th in the third division.

There have been many ups and downs along the way, but we are hugely proud that Fitz WI now sit at 12th and 11th in Lents and Mays, the highest positions achieved since rowing in eights was introduced to the Bumps.

~

Our wholehearted thanks go to Ken Drake for providing the historical information in this programme, unfortunately we couldn't include everything, given its extensive and comprehensive nature!

Our thanks go to all the coaches, rowers, coxes, bank parties, the Boat Club Committee and the Billygoats for your unfailing enthusiasm and support!

WI after bumping Girtton on the
first day of Lents

Antony Moule: Given this is a special year for the Women at Fitzwilliam College Boat Club, it was fitting they should have a new eight in the name of 'Ashton Brown' a trailblazer in her own right, we were very excited to get this a few weeks before the Lent Bumps. The women's first boat soon got used to 'Ashton' and found out what made her sing! With a very healthy number of women starting the year rowing meant we had many boats on the river, the commitment of the squad was hugely encouraging.

The first women's boat developed very well during the term, with a couple of the less experienced ladies in the crew stepping up to the plate towards the latter part of the term, really proving why they were in the crew. The crew improved their technical ability, not just being reliant on power, this proved extremely rewarding, the results were showing in training. With a lot of commitment during the term, a fantastic bumps campaign resulting in three bumps and almost the fourth!! A great week. The women's second boat had a few issues with injury early in the term, but this didn't deter them, developing well, with a great Getting on Race, proving they were worthy of a place in the bumps tables during the Lents. I was extremely pleased for them with a great show on the first day, then a fantastic bump on the second at the strong-flowing outflow position, they had a great week, with a well deserved up two! A crew that developed well, but most of all had a solid work ethic in the boat. The crews were very much looking forward to the Women's Head of the River on the Thames, an anniversary year for them too, this wasn't to be, weather was set against us!

We were looking forward very much to the May term, potentially having three crews again, and the prospect of getting our first boat into the top 10 of the first division, this was certainly for me a very real target and beyond, also having two other competitive boats in

W2

the lower divisions. The progression of the women's squad in the past few years has been very gratifying for me, and this would have been a very fitting time to set the bar even higher in the new 'Ashton Brown' - hopefully we can again soon! I wish the women many more happier times ahead and look forward hopefully to Bumps 2021 where the women can start the next campaign for the next 40 years. Well done Ladies!!

Alan Marron: Well done to everyone who contributed to the success and progress of the women's squad this year. There were many difficulties with injuries, race cancellations and bad weather but the determination and belief of the rowers, coxes and coaches meant that we could battle through these setbacks. There were a number of big achievements this year that built on our upward trajectory - having two senior eights in Michelmas, the quality and quantity of novices that continued into Lent term, W2 getting on to Lent bumps and W1 reaching their highest position in Division I of Lents. I would especially like to thank Harriet and Lizzie for their hard work this past year, and to thank the W1 and W2 crews for the pleasure of seeing them improve and produce some wonderful races to cycle along with (especially W1's race against Murray Edwards and Queens!). I hope that the great attitude to training and positive culture I have witnessed throughout the squad will lead to even better accomplishments in the future!

Mike Taylor: I've loved coaching W1 this year, their hard work and commitment meant they made a really big improvement in the two terms we had together, and they have been an absolute pleasure to work with.

Bumped Trinity Hall III
Rowed Over

*Finished at Station Four, Division Four
First W2 crew in the Lent Bumps since 2013*

SUMMARY OF RACES

MICHAELMAS 2019

Winter Head - W1, W2, NW1, W1 IV+
Clare Novices - NW1, NW2
Emma Sprints - NW1, NW2
Queen's Ergs - NW1, NW2
Novice Fairbairns - NW1, NW2
Senior Fairbairns - W1, W2

NW2 were awarded the Billygoats' Crockpots for their performance in Novice Fairbairns, coming second in the NW2 category, and fourteenth overall.

LENT 2020

Head to Head - W1, W2
Newnham Head - W1, W2
Getting On Race - W2, W3
Lent Bumps - W1, W2

MEMORIES OF FITZ

Rowers past and
present remember
their time at FCBC ►

TORY ROBERTS (nee McNeil), Captain 1997-1998

The lure of rowing had been, for me, one of the draws of applying to Cambridge in the first place. I had never tried it before. In fact, a smattering of ballet exams and swimming distance badges were the sum total of my sporting achievements as a child, so I am not entirely clear how and why I felt this way - but, sure enough, it came to pass that I fell in love with rowing.

A barefoot and statuesque Sarah Winckless was the first person that greeted my arrival at Fitz as a fresher. A term of novicing ensued, then into the first VIII. The camaraderie, the laughter and the

drinking; glorious sun-baked days and late nights on the Cam and Thames at Easter dominate the memories of the years that follow. Given my enthusiasm for the social aspect of the club, people, I suspect, rather underestimated my seriousness and ambition for the Women's boat club when I put myself forward for election as Captain in my final year.

Timing, as they say, is everything and momentum for success had been building since my matriculation. I instigated a rebrand; new kit and training regimes but the success that ultimately unfolded for us that year is not exclusively mine to claim. We were blessed with wonderfully dedicated coaches, some brilliant athletes amongst the new intake and enough of us bruised by falling just short in previous seasons to have a steely will not to do so again. Success was also by no means inevitable - although through the bonds we built that year and the faith we had in each other it felt like triumph would be our destiny. So, when it wasn't (a brutal row over on the

last day of the Lents) we howled and raged at the injustice of it all. I recall the utter desolation, sobbing on the bank, on that dismal grey day, with the prospect of finals and a dissertation still ahead.

And then it was, at the Mays. A coming together of everything everyone had worked for; nerve shredding adrenalin and expectation converted to unrivalled euphoria in a matter of minutes - to a riot of colour and noise and Pimms. For that race, that day, that year, and for all the friendships and rowing that followed, I will be forever grateful.

**FIONA MILES 1994-1997,
Vice Captain 1996-1997**

We had just missed out on blades on the last day of the Lents so it was amazing to win them later that summer - for some of us it was our last chance as we were in third year. I remember that we trained so hard - winning blades was almost as important as gaining our degrees - and the camaraderie and closeness that we developed as a crew is something that it's never been possible to replicate.

The 1997 blades-winning crew

ALICE HOBSON, 2014-2016, Captain 2015-2016

I loved bumps at the time, and I missed them once I entered the world of 'normal' rowing. No other races start with such an overwhelming sense of dread, and no other races finish with even half of the overwhelming joy of a bump.

This photo was taken after my final bumps race. It was the perfect end to three years at uni, where I spent the majority of my time rowing, thinking about rowing, or counting how many hours of sleep I could get before rowing if I went to bed now. I'm really sad for everyone who doesn't get to finish their time at uni like I did. I really hope everyone is safe and well, and that you can make up for this time in wonderful ways when lockdown is over!

WI on the last day of May Bumps in 2016, having just won their blades, bumping King's to reach 17th on the river.

HELEN FISHWICK 2014-2017, Captain of Boats 2016-2017

I was welcomed into the FCBC family from the moment someone talked me onto the ergo at the Fitz Freshers' Fair and, throughout my time at Fitz, from when I was Captain, simply rowing in WI or just supporting on the bank, I felt supported by The Club and its members in so many ways. In my year as Captain I loved getting to work with a group of women (and men) who strived so hard to do themselves and The Club proud, who weren't scared to face tough challenges and who managed to make doing so much fun. In many ways the strength of the Women's side is demonstrated in the fantastic success they have enjoyed in recent years, but those results cannot speak to the wonderful experience of being a part of the Club, and the memories, valuable lessons and friendships we all take with us beyond University life.

HILARY WONG, 2010-2018

The great thing about rowing at Fitz was how we tried to make sure lower boats still got the time of the day. As part of the W2 crew in 2012-2013, we went up six places and a division in May Bumps and participated in WeHorr on the Tideway (often exclusive to W1 crews) two years in a row.

I am also incredibly proud how the men's and women's sides supported each other at FCBC; striving to prove that women's rowing is just as valuable as men's rowing, that we are stronger together than apart, and respecting the fact that it's about how good you row and not about whether you are a man or a woman (as I have infamously declared in a Rowbridge). We had women coaching and subbing in men's crews and vice versa, we always cheered each other on (I still remember M2 serenading us with the Mulan song for Fairbairns), and I even got to row my final bumps with the M3 beer boat.

For the better part of the 2010s, FCBC was my constant through the good times and bad times, and I wouldn't change that for the world. #Boatielove

W2 at May Bumps 2013 – went up a division, but denied blades (again) because the crew in front caught a crab

W2 at WeHorr 2012 – we had to race in the novice boat and it was super windy, but we still completed the race only 15s (and 14 places) behind W1

W2 at May Bumps 2012 – so fast that they awarded us a technical bump against Darwin II as they were worried that we'd crash into them with our powerful starts

Lent BCD 2013 – Aya and I had a great time coaching our M3 crew

May Bumps 2018 - the M3 beer boat, coxed by Jess (W1 rower) and included Rob (W1 cox) and I, bumping LMBC

W1 Mays 2019

EMILY LEES, 2016-2019, Captain 2018-2019

I learned to row during my PhD at Fitz and it was undoubtedly the best thing I did whilst in Cambridge. Spending time on the river with such a wonderful collection of people is something that I will always remember about being part of the college. My top rowing memories would be getting blades at my first May bumps in 2017 and realising just what the excitement about bumps was all about. Getting to visit the rowers of the Università Ca' Foscari in Venice and race down the Grand Canal in huge wooden galeone is also something I will never forget. My favourite term of rowing was Lents 2019 - with a crew that worked so hard and pushed themselves at every training session. We went up 4 at that bumps, and although we didn't get blades, as the 2 crews ahead of us on day 5 were very unevenly matched and bumped almost instantly, we gained distance rapidly on the crew 3 boats ahead of us before they bumped out, and kept our heads up and pushed our hardest for an amazing rowover time - I don't think I've ever been prouder of a crew I've been in than during that race. Finally, and probably my favourite memories are from my year as co-Captain, watching W2 bump at Mays 2019 and joining lots of members of the men's and women's squads to cheer on W3 as they successfully qualified for bumps at the getting on race for the first time in a number of years. It's been a privilege to be part of women's rowing at Fitz and I am looking forward to seeing the squad continue to go from strength to strength as it has done this year.

*WI with greenery

Girton on the final
day of Mays 2019*

HAZEL WALKER, 2017-

Learning to row at Fitz has opened up opportunities I never would have imagined. From competing in Bumps, WEHoRR, trialling at Henley Women's Regatta to rowing on the Grand Canal in Venice, I have made fantastic memories alongside amazing friends!

*WI with greenery after
bumping Girton,

in Venice.*

ROBERT MACHADO, 2013-2020, Captain of Boats 2018-2019

It's been such an honour to have coxed and co-captained the women over the past eight years. Their strength and determination have always been incredible- I could never do what they do. When I think back on my time, I remember the fun, the banter, the mistakes ("all eight to backsides") but most of all the sheer joy of rowing on the Cam. Hail and snow, drizzled squalls and frosty-pink mornings, sweltering June afternoon outings and late hours when the rest of the world is settled at home. The jangling tension of the row down and the pride of coming past Billy Field. The "what am I doing with my life" nerves as you approach your station, and the pure possibility of the race to come in that silence when the counting stops. I loved it all.

W1 winning blades in 2017

W1 bumping King's, Lents 2019

We would to thank all the rowers, coaches and coxes who have played a part in building such a fantastic rowing community at Fitz over the past forty years.

Our boats are named after:

John Jenner

For his support of the Boat Club throughout the years in his role as Club Secretary, President of the Billygoats Society and Independent Examiner of the Billygoats accounts for 44 years.

Ken Drake

For his roles as Captain of the Boat Club and President of the Billygoats and for his steadfast support of FCBC throughout the years, pushing off many a bumps crew!

Sarah Winckless

For her achievements in rowing on the international stage, winning bronze in the double sculls at the 2004 Athens Olympics, and becoming double World Champion in the women's quad, and her unwavering support of FCBC.

Nicky Padfield

For her enthusiasm and support of FCBC whilst Master of Fitzwilliam College and President of the Boat Club.

Ashton Brown

For her achievements in rowing whilst at Fitz, achieving blades twice in the Mays, and becoming a triple blue with and leading the Cambridge University Women's Boat Club to victory in the 2017 Boat Race as their President.

BLADES

The following crews all won
their blades, bumping up four
places in a single campaign.

THE RIVER CAM

The Bumps Course

During Lent Bumps, the higher divisions race to Top Finish for the first ten boats of a division, and Morley's Holt for the remaining boats. The lower divisions race a shorter course, finishing at the upstream side of the Railway Bridge for the first ten and the Railings for the remaining crews.

For May Bumps, all divisions race to Top Finish, for the first half of the division, and to Morley's Holt for the lower half, the boat Station 10 has the choice between the two.

The starting cannon is fired from the north bank next to the 'Motorway Bridge' (it's actually only the A14). The cannon is fired three times, at four minutes to go, one minute to go, and at the start of the race.

Notes on the River

In what seems to be the most confusing name on the river, the P&E (or peony as many of us first thought), marks the former location of the pub called the Pike & Eel.

Other parts of the river also bear names of forgotten landmarks - the Pink House is no longer, no-one knows exactly where Morley's Holt is, and the railings are now actually a fence.
